Race Report

With temperatures soaring into the 80's this year promised to be the hottest conditions on record. Garry Oldfield, Bradford Airedale, improved not only by 5 seconds from last year, but by 11 places, to secure a comfortable win over the talented 16 year old, Andrew Davies from Mercia. Former race winner Shuan Livesey, Clayton Le Moors, was left trailing by over a minute to take third place. The races inclusion in the FRA Intermediate Championships resulted in four of the first ten places being filled by under 20 year olds - a promising omen for fell running. The ladies race was left open for a convincing win by Lisa Lacon of Holmfirth. Former junior winner at Buckden, now 19 years old she also took the award for first FRA intermediate and Yorkshire County Championship. Second placed Maggie Dunn, Bingley, deserves special mention having produced a very credible performance on her fiftieth birthday. Well done Maggie!
